Cancer Programme

Cancer care shaped by you.

WHAT IS GOOD CANCER CARE AND SUPPORT?

**WE ARE
MACMILLAN.**
CANCER SUPPORT

NHS

I am a person affected by cancer (including carers) and would like to get involved in improving local cancer care and support by:

- helping with press and publicity by telling my personal cancer story
- being a patient representative and consider joining a steering group
- joining a support group for people affected by cancer or setting up a new one
- joining a group of patients and NHS staff to work together to plan local services where you live
- volunteering

Macmillan Cancer Support and partners are working with people affected by cancer and carers across the country to improve cancer care and support.

We are listening to people affected by cancer locally to make sure we make the changes that are needed to your cancer care and support.
